

IN THE SWIM

Spring 07

EPOTEC. THE Proven Hi Build Pool Coating

Spring has come! Does your pool look inviting??

During the winter months many pool owners have been taking advantage of the cooler weather to upgrade their pools. We have been busy with both private and community pools all winter long. They are now ready to go!!

How's your pool looking? It's not too late to get into to shape for a long hot summer.

Some recent projects include:

- Whitlam Aquatic Centre, Sydney. An Olympic pool recoated in Epotec by Trisley Pool Services P/L.
- Tottenham Community Pools in central NSW upgraded with Epotec using Council Staff.
- Shellharbour Council, NSW, pool upgraded with Epotec by Council Staff.

When you use Epotec Hi Build epoxy pool coating you are in good company, be it DIY or with an Approved Applicator.

Read on to see other examples and ideas and don't forget our web site for all the latest.

The pool needs to have an easy to clean, decorative, durable finish, so even the dog wants to dive in!!

This is what Epotec provides.

Epotec comes in a range of standard colours, including Chamois that gives a different ambience. Here's a Fibreglass pool in the Northern Territory. A topical tropical result!

Got an old fibreglass spa? ...then you can upgrade with Epotec.

Here's one in Pale Jade.

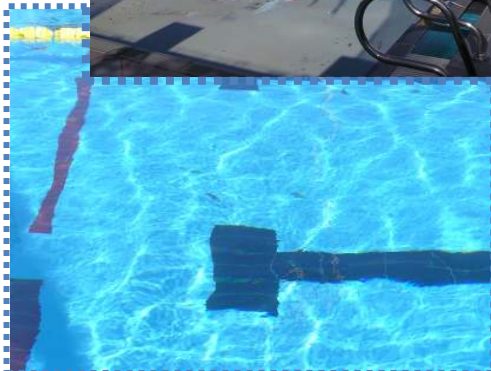

What's this?

A hard to keep clean pool, with algae well established in Marblesheen. Save your energy and cleaning time. Upgrade with Epotec, a seamless, impervious coating.

Epotec has over 20 years proven usage in swimming pools in Australasia...you can have the same benefits.

Now for something a little bigger.....the outdoor pool at The Whitlam Aquatic Centre was recently up graded using Epotec Hi Build Epoxy by Trisley Pool Services P/L. A thorough surface preparation followed by the correct application of Epotec in "Bondi", has given this high use, popular pool a new lease of life. A life that will last many, many seasons.

Epotec, THE Proven Hi Build Epoxy Pool (and spa) Coating is available for your pool. Be it Fibreglass, Marblesheen, Pebblecrete or Concrete. Epotec will give it a new lease of life. A life that's long lasting, economic and attractive. We work with you, DIY, with your painter or an Approved Applicator for a great finish, every time. Warranty available. See our web site for helpful information and more images of Epotec in action www.poolpaint.com.au
