EPOTEC - THE Proven Hi Build Pool Coating

Black and White Pools

We usually think of pools as being blue and for most that's just perfect. Epotec comes in range of blues, Sky (a light blue) through Bondi, Tasman and to Pacific (a very dark royal blue). Yet there are some pool owners who like to be different. Very different, when it comes to black, yet it provides a magical result as can be seen here. In contrast white will give a more relaxing result, one impacted on by overhead conditions.

In this Newsletter you can see how 2 very different results were achieved. Epotec in Black and White. Are you Black or White?
